Main Objectives

- 2004 ECE Lab
- I, II, III
- - <http://www.mmlab.net/lecture/ecelab>

Competitive Engineer

- Communication skill
 - verbal – understand, persuade
 - writing – proposal, report
- Independent Planning
- Creative Designing
- Cooperative Mind
- Leadership

Lecture

- Individual
- Single topic
- Passive
- Analysis oriented
- Homework

Students have to learn

- How to communicate
- How to collect the information
- How to integrate the information
- How to analyze the information
- How to apply the information
- How to solve the problems
- How to create the information

Laboratories

- Teamwork
- Multi-topic
- Active
- Design oriented
- Project
